Monterey, Ca 93940

Dear Daniel,

Re: Tim Auger's Laps for Assistance

We of Breast Cancer Assistance Group of the Monterey Peninsula (BCAG) gratefully acknowledge your generous gift of \$100 to our organization through Dr. Tim Auger's "Laps for Assistance" fundraiser for breast cancer.

Our organization is a grassroots local nonprofit organization formed in the mid-90's by a group of breast cancer survivors who dedicated themselves to seeking out and helping women who were facing financial hardships due to breast cancer, as well as outreach and educational programs. All our directors serve voluntarily with no compensation and all of the funds that we receive through fundraising efforts are distributed to needy women through our Special Needs Grants Program.

We are a nonprofit IRC 501(c)(3) organization; we acknowledge that you received no goods or services for your donation, and your donation is 100% tax deductible.

Thank you on behalf of all of the women who we are helping meet the financial challenges posed by this devastating disease.

Sincerely yours,

BREAST CANCER ASSISTANCE GROUP

Mary E. Surbridge, President
